Anti-Fatique Surgery Mat

Medicus Health announces the release of its new Autoclavable & Antimicrobial Anti-Fatigue Surgery Mat

- Surgery Anti-Fatigue Mats - Autoclavable & Antimicrobial: Surgery Anti-Fatigue Mats help reduce the leg and feet pain associated with standing during long cases for extended lengths of time
- Completely autoclavable up to 250 deg. F and reusable
- Mat measures 2'W x 3'L x .5"H or 3’W x 5’L x .5”H
- Custom sizes, Runner Mats and quantity discounts are available
- Mat standing surface has a high coefficient of friction allowing you to have traction even in wet conditions
- Beveled edges reduce trip hazards associated with foam mats that tear and damage over time
- Easy to cut to size for smaller applications without losing the structural integrity of the mats superior properties
- The underside of the mat has individual cells that grip the surface of the stool to provide stability and increased comfort
- Mat is optimized for the perfect softness that encourages blood flow in the lower legs while resisting bottoming out
- Mat provides energizing response to leg movement that balances shock absorption and resilience
- Most foam mats actually get harder over time as they are compressed but this mat actually gets softer over time as it's compressed
- Mat resists tearing, edge damage and premature failure of its elastic properties
- Latex-free surface
- Easy to clean with any diluted bleach or alcohol-based solution or throw it into the autoclave
- Mat comes with an 8 year warranty
- Mat weighs 14 lbs
