**About Us:**

America needs an exceptional product to equip its surgeons and healthcare personnel. Since 1987 thousands of US healthcare professionals have relied on Calzuro to treat their feet. Calzuro is a reasonably priced, Italian made shoe is capable of being repeatedly washed, bleached and even sterilized in the autoclave up to 300 degrees F. Calzuro offers a design that promotes maximum comfort and durability, resulting in less fatigue. Because the Calzuro does not stretch and sets your body anatomically correct, it offers comfort and reduces fatigue during long standing hours on hard surfaces. In addition, Calzuro clogs are anti-static. The newest bottom sole is slip resistant, making it a unique product among other clogs. Accessories for Calzuro are Comfort Insoles; contoured and made with a wicking material that can be washed regularly. Heel Strap Kits are also available to meet your facility's safety requirements. In 2012, Calzuro won a 2nd Place Excellence in Surgical Products. Why buy an unproven clog? Choose comfort. With 13 colors, two styles (with or without upper ventilation), men and women's sizing. Online shopping either Calzuro.com or Amazon. Questions? Call our friendly and helpful Customer Service M-F 8-5 EST. Product ships within 1-5 business days from Plain City, Ohio.
