

## Arthroscopic Shaver System

The Powershaver SL Arthroscopic Shaver system features the highest speed and torque of any product currently on the market. Speed and operating mode are controlled from the handpiece, footswitch, or console touchscreen to give users the utmost control and convenience. Precision-edged blades and burrs are available in styles and sizes to accommodate the needs of any subspecialty. Both disposable and limited-reuse blades and burrs are available, allowing users to decide on the most economic solution available for their application.
