

Surgeon Cooling Poncho

Shafer Enterprises' Resposable Poncho is a reusable, disposable one-size-fits-all cooling poncho that provides superior cooling in the OR. Lightweight and maintenance-free, it connects easily to all COOL VEST Systems and electrothermia units, making it a versatile cooling alternative, perfect for scrub techs and other OR staff. Utilizing circulating, temperature-controlled cool water, under normal use this resposable cooling poncho provides the wearer dozens of uses and is available in economical 6-packs.
