

Loupes & Lighted Loupes

Megaview Loupes and Megaview Pro Lighted Loupes are now being offered with a new extra-wide, 1.7X lens that measures a generous 4 3/4 inches by 2 1/2 inches in size. The new lens is hard acrylic, like the original lenses, and can be flipped up when magnification is not needed. The Megaview Loupe includes three interchangeable lenses for 2.0 X, 2.5 X, and 3.0 X magnification, while the Megaview Pro Lighted Loupe comes with four lenses to accommodate 2.0 X, 2.5 X, 3.0 X, and Monocular 4.0 X magnification.
