

## Enzymatic Cleaner & Detergent

Non-sudsing and pH-neutral, Endozime<sup>®</sup> AW Triple Plus with APA is a two-in-one enzymatic cleaner and detergent. At the calibration value of only a ½-oz. per gallon of water, its unique multi-tiered enzyme formulation guarantees the removal of all bio-burden from surgical instruments, and leaves the inside chambers of washers residue-free. Turbo-charged with A.P.A.(Advanced Proteolytic Action), Endozime AW Triple Plus includes biological additives that speed the process of liquification and solubilization, enhancing the cleaning action of instrument washers.
