Adjustable Eye Shields

The adjustable Nu - Shield[®] Convertible Eye Shield Visor attaches to a face mask via an elastic strap. The elastic strap allow for a comfortable and custom fit. The shield offers a one-inch forehead foam cushion that prohibits sweat build-up and fogging, and allows the shield to be easily worn over prescription glasses. All materials are lightweight, latex-free and fluid resistant. The mask is offered at 120-mmHg or 160-mmHg, and against protects more than 99-percent of bacteria.
