

Surgical Site Cleansing Soluion

Scrub Care[®] povidone-iodine (PVP-I) and Exidine[®] chlorhexidine gluconate (CHG) solutions from Cardinal Health have a broad spectrum of activity and rapid-acting, long-lasting effects to help reduce bacteria that may cause infection. Cardinal Health's PVP-I and CHG solutions are gentle to the skin and leave skin feeling smooth and soft. Choose from a wide variety of convenient sizes for patient preoperative prep, surgical hand scrubs, routine hand washing and topical antiseptic.
