

Compact Technology Cart

The Zido is a compact technology cart that can be customized for use with a PC, medical equipment, or for lab applications. The cart's small sturdy slate-blue colored frame has excellent mobility on its four-inch casters. With a variety of width and height options, Zido provides optimal flexibility in creating a cart for the smaller spaces. There are over 16 options that can be added to the cart including a keyboard caddy, single or dual monitor mount, equipment shelves for PC solutions, a glove box holder, gel cups, metal bin or oxygen tank holder. Extra shelves and bins of various sizes can also be added for convenient storage.
