## Metal Wire Utility Carts

EPS has expanded its line of storage and transport items. In addition to its line of tote, emergency drug and refrigeration boxes, EPS has added a variety of metal wire utility carts. Ranging in height from 36 inches to 72 inches, these versatile carts can be set up as freestanding units or can be equipped with swivel casters for easy movement. Up to six shelves can be placed on each unit as well adjustable shelf ledges and dividers.
