

Medical Equipment Cart

This medical equipment cart with adjustable-height shelves is ideal for staging instruments, monitors, printers, cameras and illuminators in the operating room during procedures. This cart comes equipped with four adjustable-height shelves meet individual needs. It also has a fixed bottom shelf and a total weight capacity of 700 pounds. The cart has small footprint that makes it a perfect fit for operating rooms, nurses stations or patient rooms. Each shelf measures 28 inches by 22 inches and features a one-inch lip to hold instruments in place when re-positioning. Designed with a durable steel frame, sturdy base and integrated handle, the cart is equipped with four smooth-rolling, four-inch diameter casters (two of which lock).
