

Adler Instruments Medics

Adler Instruments Medics is a quality leader in the service, repair and refurbishing of surgical instruments. They are a state-of-the-art, full service surgical instrument repair service company employing certified and insured repair technicians to perform comprehensive service on a wide variety of surgical instruments. Products serviced include general surgical instruments, micro instruments, laparoscopic instruments, flexible scopes and rigid scopes. The company also offers sharpening and refurbishing services and tungsten carbide replacement. Once repaired the instruments pass a rigorous series of quality assurance tests before the equipment is returned to the healthcare facility.
