

Beanbag Positioners

Complimenting David Scott's Traditional and Blue Diamond® Gel line of Beanbag positioners is the company's newest size, a 38.5-inch wide by 35.5-inch long positioner with a U-shape shoulder cutout (equivalent to Size 31). As with their complete line of Beanbag positioners this product is reusable and attaches to any vacuum source. The new, latex-free positioner features black urethane film repels staining, a valve system that is replaceable if damaged a one-year warranty.
