

On-Site Instrument Care & Management Services

Part of Cardinal Health, OnSiteSM Services focuses on instruments so facilities can devote more of their attention to patient care. The OnSite Services inventory management program offers instrument procurement, standardization and set optimization, as well as education on the proper care and handling of instruments. OnSite Services also provides instrument and scope repair, preventive maintenance and refurbishment/repair of existing instruments in state-of-the-art repair vans on site at the facility.
