

Disposable Face Masks

Encompass Group offers a comprehensive line of disposable medical face masks called ProGear®. The line includes:

- Dry Shield™ masks for fluid resistance, available with visors for extra protection. Clear-View™ anti-fog masks for increased visibility.
- Skin-Saver™ masks, free of dyes for wearers with sensitive skin. High-performance Isolation masks.
- A customizable Imprints™ line allowing customers to personalize each mask with logos or custom designs.
- A comfortable Wave-Fit preformed nosepiece, and availability with either ear loops or ties on all masks.
- Color-keyed packaging to match mask colors and types for easy identification and a unique viewing window to show what's inside before the box is opened.
