URO-GYN Scissors

Monarch Medical Products introduces the Alinsod URO-GYN Scissors. Red Alinsod, MD of Laguna Beach, CA is the designer of these scissors and many other unique surgical devices for Urogynecology. These new scissors are designed specifically for Pelvic Surgery including Vaginoplasty and Hysterectomy.

Features include:

- S-shaped with strong curved blades ideal for hard to reach areas such as Vaginal Apex.
- Sharp/Sharp tips, excellent for delicate mesh and suture trimming.
- Slender profile to fit on the side of the speculum.
- Slim profile and offset handles for improved visibility.
- Available in Slight curved and Strong curved handles.
- Total length is 9".
