

## Consolidate Your Inventory with Performance

The **Standard Via-Guard®** from SurgiMark, Inc. offers clog-free Tip and AdjustaFlo® Poole suction in one instrument. It clears fluids faster, saves time, eliminates excess SKUs, and lowers costs.

The **Vascular-Pediatric Via-Guard®** extends the unique features to a wide range of use covering most suction requirements.

Additional features include:

- Clog-Free at maximum power
- Alternates Tip and Poole suction
- AdjustaFlo® Poole suction
- Eliminates excess SKUs

## **Consolidate Your Inventory with Performance**

Published on Surgical Products (<http://www.surgicalproductsmag.com>)

---

- Gentle to delicate tissues
- Disposable for infection control
- Extensive range of use covers most suction requirements
