

Simple And Effective Control

BioGlue® and HemoStase™ from CryoLife offer safe, simple and effective solutions to meet a surgeon's product needs in procedures ranging from the most diffuse bleeding situation to the most complex cardiovascular procedure.

Product features include:

- BioGlue, which seals, reinforces and adheres tissues in cardiac and vascular surgical procedures.

Simple And Effective Control

Published on Surgical Products (<http://www.surgicalproductsmag.com>)

- HemoStase, a natural hemostatic product used for the control of diffuse or profuse surgical bleeding.
- Each product allows surgeons to achieve hemostasis regardless of the patient's coagulopathic state.
