

## CEU Program For Scope Cleaning Process

Healthmark announces the newest free CEU educational program: "Return of the Clean Brothers: A Residual Mission." The program is the latest Flash-based game that takes users on an adventure through the scope cleaning process with the Clean Brothers and RESIdude.

Users can navigate through the inner channel of a lumened instrument, smashing Blood Cell Baddies and other bioburdens with a cleaning brush attack. The program allows users to test equipment in a drag & drop level with the ChannelCheck test kit.

Earn a CEU when the quiz is correctly completed at the end of the game! CEU's are awarded by either IAHCSSM or CBSPD.
