

Liquid Adhesive

Published on Surgical Products (<http://www.surgicalproductsmag.com>)

Liquid Adhesive

Mastisol® liquid adhesive is a latex-free clinically proven solution that will help prevent dislodgement of devices and reduce risk of adhesive failures across a range of procedures and applications:

- IV dressings
- Endotracheal intubation
- Wound closure strips
- Central line dressings
- Wound V.A.C.®, dressings
- Foley catheters
- And more
