Memory Flex O.R. Table Pads

[1]

Memory Flex O.R. Table Pads are made with a HD foam base and a 5.0 lb Visco Memory Foam top to form a superior pressure reducing surface for greater patient protection during longer surgeries. All materials exceed flammability standards Cal TB 117 and CFR1632.

Option available to meet Cal TB 129 and Boston Fire Code IX-11. All Memory Flex O.R. Table Pads are anti-bacterial, anti-fungal, stain and tear resistant, anti-static and latex free. Green Friendly, soy content foam.
