

## TOSIman's Delivery Service Game

June 10, 2011

Healthmark's Crazy4Clean.com has launched "TOSIman's Delivery Service", the newest online flash-based continuing education game that takes you on an adventure delivering trays and scopes to SPD for reprocessing, earning a free CEU.

Help TOSIman deliver used trays and scopes from various hospital departments to SPD on time with the help of Humipaks™. Trays and scopes that have been used must be processed quickly before blood and other organic soils dry, making the cleaning and sterilization process much more difficult! With your help, TOSIman can get them there on time. Are you up for the challenge?

Find this educational game and more at

<http://crazy4clean.com/index.php?pmc=HMPR-HUMI> [1] where you can play, learn, and earn free CEU's!
