

## Hospital-Based Repair Labs

InstruMedics LLC is the innovator of InSite™ (hospital based repair labs). Designed, equipped, and installed at no charge, providing a repair specialist to service and manage all surgical instrumentation and equipment within your facility, working 40 hours/week scheduled around your OR demand requirements. An InSite™ tech will work side by side with your team and will help consolidate points of contact, perform preventative maintenance and enhance the speed and quality of instrument & equipment management.
