

Recycled Storage Cabinets

Akro-Mils has introduced new 100 percent recycled black cabinet frames for its line of Plastic Storage Cabinets. Available in five sizes and featuring a variety of drawer configurations, these strong, versatile storage cabinets are the ideal solution for organizing and protecting loose items. The cabinets are made of a rugged, high-impact polystyrene frame, and unbreakable clear drawers. The interlocking cabinet frame and face ensure strength and durability. The cabinets stack securely and are wall-mountable.
