High Touch Area Disinfectant

Bleach-Rite® Spray is a one-step, intermediate level disinfectant containing 0.525 percent or 1:10 dilution of sodium hypochlorite. EPA registered Bleach-Rite® Spray is stabilized and the expiration date is stamped on every bottle. Wipe down high-touch areas such as light switches, IV poles, carts, trays, bedrails, doorknobs, commodes, BP cuffs and counters quickly and efficiently.
