

Hydrogen Peroxide Cleaner Disinfectants

Clorox Healthcare™ offers hydrogen peroxide cleaner disinfectants that are EPA-registered to kill 36 bacteria and viruses in 30 to 60 second. The products are designed to disinfect more than two-thirds of all pathogens related to HAIs, including all ESKAPE pathogens (E. faecium, S. aureus, K. pneumonia, A. baumannii, P. aeruginosa, E. aerogenes) and norovirus. The wipes and spray are ready-to-use, one-step cleaner disinfectants engineered with a hydrogen peroxide (H₂O₂) formula and are recommended for daily surface disinfection facility-wide.
