

gRetractor Abramsohn

gSource has introduced the gS 40.3150 gRetractor Abramsohn 5 1/2 inches. Crafted from German stainless steel, the retractor features include rounded, cross-serrated outside working ends with 3mm–30mm calibrations marked on the ratchet. This retractor can be helpful to expose the bone for better access and useful in facilitating a lateral release during bunionectomy procedures.
