

gSilicone Rod Shears

gSource introduces gSilicone Rod Shears 22", designed to cleanly shear 4.5mm, 5.5mm and 6.35mm rods, eliminating burrs or sharp edges. Biocompatible black silicone coated handles help to prevent slippage and provide a secure and comfortable grip. gS 83.7280 features non-detachable handles while gS 83.7290 features detachable handles.
