

Norovirus Prevention Tool Kit

Clorox Healthcare™ now offers the free Norovirus Prevention Tool Kit to help make sure a healthcare facility's staff is prepared to prevent and contain norovirus outbreaks this season. The Kit includes important information about norovirus and the impact it has on facilities, advice from leading infection preventionists, pull-out prevention protocols and an environmental cleaning checklist.

To request a hard copy or downloadable version of the Norovirus Prevention Tool Kit and to learn more about norovirus prevention, visit www.cloroxhealthcare.com/norovirus [1].
