

Mini Hype-Wipe Bleach Towelettes

Current Technologies

Current Technologies offers the Mini Hype-Wipe bleach towelettes. According to the company, they have rapid kill times, including a one- minute kill time for TB, Strep, Salmonella, Pseudomonas, Norovirus, RSV, H1N1, ESBL, CRKP, Rotavirus, Hepatitis B, Hepatitis C and a two-minute kill time for MRSA, VRE, and Staph. They also enable quick, convenient disinfection of equipment such as glucometers and urinalysis or blood chemistry devices. Good for cleaning up small spills, each 3" x 3" towel is packaged in a foil-lined pouch with the expiration date printed on it.
