

Reduce Cost And Complexity

Cardinal Health

Cardinal Health Orthopedic Solutions introduces a new business model to help reduce the cost and complexity of orthopedic surgery by offering customers high-quality, low-cost products. Begin saving with industry standard, high-quality trauma products including guide wires, drill bits, and cannulated screws manufactured by Emerge Medical. Cardinal Health also offers data and analytics packages, which provide visibility on spend, inventory, and outcomes to support your right-sizing efforts around excess inventory. Furthermore, supply chain expertise from an experienced distribution channel is also available. From the point of ordering to the point of care, and at every point in between, Cardinal Health's supply chain expertise improves efficiency, increases productivity, and reduces costs.
