TPZ-1300

Adlink

Adlink introduced the first of its new Topaz line of medical computers, the 3rd edition of EN-60601-1 certified TPZ-1300. The TPZ-1300 is ruggedized and provides wireless support, making it ideal for mobile environments such as telemedicine, NIS (nursing information systems), and medical administration. The design is fanless and cable-free, allows for optional anti-bacterial coating, and provides MTBF exceeding 250,000 hours.
