Universal Large Bone Saw Blade Design

Brasseler USA Surgical Power & Accessories

Brasseler USA Surgical Power &

Accessories introduces its new universal large bone saw blade design that allows current customers who have Stryker System 7, 6, 5, 4 and 2000 to stock one inventory of compatible replacement saw blades at factory direct prices, without sacrificing quality. The universal large bone saw blades are offered in its proprietary K2000 aggressive cutting design and replacement Stryker saw blades.
