

Multi-Purpose Surgical Drape Clamp

Spectrum Surgical Instruments

Spectrum Surgical Instruments Corporation is pleased to offer a Multi-Purpose Surgical Drape Clamp. The familiar design of the easy-to-grip clip allows for secure clamping of surgical drapes to IV poles and drape-stands. The clip is washable, reusable, rust-resistant, and fully-autoclavable. Available in four different colors, the clamps are easy to identify and conveniently packaged in a budget-saving package of 8 clips (two of each color; blue, pink, green, and purple).
