

Bio-Hazard Wipes/Liners

Current Technologies

Bio-Hazard wipes/liners from

Current Technologies have a white absorbent side and an orange plastic backing that prevents leak through of blood and solvents. Bio-Hazard liners keep aspiration carts clean by limiting seepage of blood; Biohazard Wipes can be used when preparing stains/smears and microscope cleaning. Bio-Hazard wipes/liners minimize cross-contamination. Available in three absorbencies (standard, heavy, and super sponge-plus) and sizes (3" x 3", 4" x 4", 8" x 9", 11" x 16", 16" x 16", and 16" x 25"). Acrylic holders available to keep wipes (3" x 3", 4" x 4") organized on cart.
