## MD Vision

Perkins Healthcare Technologies

### 2013 ESP Award Nominee

MD Vision from Perkins Healthcare Technologies is one of the few Class II Medical Grade Video Devices in the world that can simultaneously integrate and process up to 12 different video sources and display these in a collage format on a single 8MP display. Transform your OR with a fully integrated video system and a clinician controlled touchscreen display. An integrated OR enhances visualization, improves workflow, and leads to better patient care.
