

GeniSis Veress Needle

DeRoyal

DeRoyal now offers the GeniSis Veress Needle as part of its comprehensive endoscopic portfolio. Available in two standard sizes (120mm & 150mm length) the GeniSis Veress Needle provides maximum savings for laparoscopic abdominal access and insufflation. Unique to this innovative design is an intuitive and low-profile, color-coded CO2 valve for rapid insufflation. An ergonomic handle and low insertion force allows for a smooth and controlled entry through the abdominal wall.
