

Robotic 3D Imaging In Spine Surgery

Siemens (YouTube)

Intraoperative 3D imaging is nothing new in spine surgery. That being said, it's not widely used. Let Thomas Hartkens, Global Marketing Manager at Siemens Healthcare, explain how intraoperative 3D robotic imaging will change your perspective... in just five steps.

If you're having trouble watching this video, try downloading the latest version of [Flash Player](#) [1] or contacting your IT department.
