

MIS Surgery As A Tool To Fight Osteoporosis

YouTube

There have been a number of advancements in the area of minimally-invasive surgery that have allowed for those types of procedures to be used to deal with fractures associated with osteoporosis.

If you're having trouble watching this video, try downloading the latest version of [Flash Player](#) [1] or contacting your IT department.

Have any comments or questions about our SP First Cuts videos? Or do you have a video you'd like to see featured in one of our deployments? Email me at Mike.Schmidt@advantagemedia.com [2].
