3D Technology And The Modern OR (Part 1)

Eric Sorensen, Coordinator of Multimedia Development

In the inaugural edition of "3D Technology And The Modern OR" we'll take a look at how the technology that supports OR visualization has evolved in the last several years and how the latest 3D products on the market has been received by the healthcare industry.

This video is sponsored by Olympus. For more information about cost-effective 3D imaging, click here [1].
